>> Hi Alexis - You may get this from Kathleen as well, but with Tomas on the road I thought I'd pass it along with a few words. The attached 2-pg letter, about a week old, is to the Administrator from the AZ Governor re: Rosemont, highlighting R9's positions on water quality vis-à-vis the state's 2015 401 cert. I received this today via the email below from Stu at SPD, but have not heard anything from HQ. A couple of brief points in case you get calls:

>> 1. The Corps is hosting a meeting in Phoenix on 4/18 with the mine, ADEQ, and federal agencies, which I will attend, to discuss water quality issues.

>> As you see below, Stu is inviting me to check in this Fri, and I hope to reach ADEQ this week as well. Perhaps the R9 team can sit down with you sometime early next week. Thanks - Jason
